

WELCOME TO DENTINCE DENTAL CLINIC

**The Journey Of A Thousand Smiles
Begins With One Step...**

About Us

DENTINCE Oral and Dental Health Polyclinic began operations in 2008 with the clinic located at Kadıköy KUYUBAŞI. As of 2021, we have also opened the ZIVERBEY branch to take our dental care to the next level. **DENTINCE**, founded by **Dt. Deniz İnce** and **Dt. Murat İnce**, aims to provide services at international standards using state-of-the-art technology in dentistry. In order to provide accurate and up-to-date services to the patients, we have followed the science and attended numerous training sessions such as conventions, seminars, courses and symposiums both in domestic and at abroad. Our goal is to provide our patients with all kinds of oral and dental health services and to ensure that every patient leaves our clinics healthily with a smile on their face. Giving our patients a healthy smile is our greatest passion and our greatest motivation to gain their trust.

As we realize our ambition, we have advanced every year since 2008 with the motto "Investing in the profession is one of the greatest values". At the end of 2020, we aim to provide the highest-quality treatment services with our new branch, one of our biggest dreams, which is large and fully equipped with high-tech.

DENTINCE team strives to ensure the satisfaction of every guest who visits our clinic. **Your smile is precious to us!**

Smile Design

How can you achieve a good smile?

If you have tooth discolorations, cracks or missing teeth, Dentince Smile Design Dental can help you. By combining artistry with dentistry, we aim to bring you the best techniques and newest technologies in the fields of dentistry to give you a beautiful, bright smile. We are committed to providing high-quality dental care to our patients. Before any of your teeth are prepared, we'll have your entire Dentince Smile Design plan in place to ensure that the treatments follow specific guidelines. Keep in mind that the duration of treatment all depends on the types of procedures that you require to perfect your smile. Usually one visit for one week is enough for a new smile.

Dental Veneers (Hollywood Smile)

Veneers can completely improve your smile. Veneers can provide a solution for size, shape, length, color or alignment of your teeth. Full set of veneers gives you a complete smile makeover. Just one week is enough for a new shining smile makeover.

Dental Implants

Dental implants are a treatment to replace the root of one more missing teeth, providing a strong foundation to restore your smile.

Digital Dentistry with Our CAD/CAM Systems

Dental Scanning Dental Design Software Enter the world of computer-aided design and manufacturing to elevate the level of your treatments! This advanced technology provides highly accurate treatments in a shorter time with computer aided platforms (CAD/CAM). Generally, its consists of two steps: Computer-Aided Design (CAD) and Computer Aided Manufacturing

Other Treatments

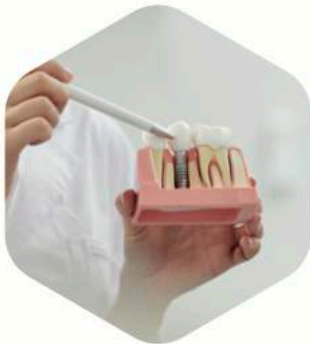

- ✓ Crowns
- ✓ Bridges
- ✓ Zirkonium Crowns
- ✓ Inlay And Onlays

Dental Implants

How Many Dental Implants Do I need?

Depending on how many teeth you have missing will depend on the number of Implants you will need. Dental Implants can be used to replace any amount of teeth - from a single missing tooth to full mouth restoration. The expert dental team will make a treatment plan to suit your personal requirements.

How Many Times Should I Visit Your Clinic?

Your treatment can be completed in two short visits to Turkey. The first visit is for the placing of your Dental Implants. Following your Implant placement you must wait a minimum of 3 months before your permanent Implant Crown(s) can be fitted. This is very important for all patients to ensure your Implants have time to settle and are strong in the jawbone before any weight or force is applied, ensuring the long-term success of your treatment. During visit one a temporary solution can be applied so you will not return home without the appearance and function of teeth. On your return visit to Turkey the Implant Crowns or Dental Implant Bridges will be fitted to the Implants and your treatment will be completed. We use the best global Dental Implant Brands like **STRAUMANN** and more.
